## Parent Governor

The governors continue to look for a new parent governor for our governing body. Being a governor gives you a good insight into how a school runs and enables you to make a contribution and have your say in:

- Monitoring the quality of educational provision and the outcomes that children within the school achieve
- A focus on safeguarding
- A focus on special educational needs and supporting the most disadvantaged children.
- Having an involvement in shaping the future development of school

Being a governor means attending 3 full governor meetings over the school year and if you choose to be on a committee, up to 3-6 further meetings over the school year. You do not need to have any specific qualifications to be a school governor, just a passion for school improvement and for being part of the business aspect of school.

If you wish to learn more or are interested in becoming a governor, please come in and speak to Miss Murphy or Miss Hunter or email on [j.murphy@st-patricks-pri.lancs.sch.uk](mailto:j.murphy@st-patricks-pri.lancs.sch.uk)
