

EYFS Summary of Learning - Autumn 2026

Communication and Language		Physical Development	Personal and Social Development
This term we will be getting to know each other and building our communication skills through talk using dedicated talk time and stories to develop an enriched vocabulary. Adults will support us to form sentences verbally and hold a back-and-forth conversation, and there will be many opportunities for us to share thoughts, experiences and stories with peers and adults.		P.E. days are Tuesday and Friday. Please make sure all jewellery is removed before school on these days. In P.E. we will be focusing on fundamental movement skills which help us to co-ordinate our movements. These include: Travelling in different ways and speeds, gymnastic rolls, balances and jumps.	This term we will start to develop independence, making sure we are able to dress/undress ourselves and fasten coats. There will be a lot of emphasis on looking after belongs and putting them away when we do not need them. To help with this, please make sure all items of clothing are named so that they are easily identified.
Maths	English		R.E
This term we will be developing our knowledge of: Number and Place Value by: Counting objects up to 10 Recognising numerals to 5 (and then 10) Matching numerals to a set (first up to 5, then up to 10) We will also start to write numerals, with lots of support to ensure correct formation.	This term we will focus on two texts; We're going to find a Monster by Malorie Blackman and Colin's Castle by Holly Swain. The texts will help to develop our skills to write, giving us lots of mark making and phonics practice as well as developing our vocabulary to help us make story posters at the end of the units. This term we will start to learn phonic sounds through the Read Write Inc programme. We will learn up to four new sounds a week and have a revision day on Friday. Towards the end of the first half term, your child may bring a sound book home. Please support your child to practise their sounds every day in preparation for reading.		
Expressive Art and Design	Understanding the World		After half term, we will learn about the birth of Jesus and will retell the story through the Christmas Nativity.
We will have lots of opportunities in class to use our mark-making skills in preparation for early writing.	This term we will be focusing our learning on Geography and Science. In Geography we will become explorers, using maps to navigate our school area and make our own. In science we will begin to look at animals and start to describe them and their homes.		

Mrs Bailey, Miss Westworth and Mrs Bilby are always available to answer questions, celebrate your news from home or reassure you and your child should you have any worries.
